The Water Pistol

My five year old son squealed with delight when he opened his birthday present from his grandmother. It was a water pistol. He promptly ran to the sink to fill it.

"Mom," I said. "I'm surprised at you. Don't you remember how we used to drive you crazy with water pistols?"

My mom smiled and said, "Yes, I remember."

ATTENTION: Kane County Homeowners:

We are doing it again this year! Great opportunity with only 22 units available in 2016

Contractor Committed To Providing Quality, American Made HVAC Systems:

One Hour Heating Helping 22 Homeowners By "Giving Away" Furnaces for \$941 with Off-Season Air Conditioning

If you qualify, local utilities may offer up to \$550 in rebates towards your new system.

Dear Neighbor:

I have great news for your wallet if your furnace is over 12 years old. Allow me to explain...Every year, the months of January, February, & March can be slow for my business. I employ great people and want to keep them working during these long, slow months. This is why I've come up with a Win Win Situation for both of us.

Every year, the big manufacturers of furnaces & air conditioners guess how many to build to meet the demand. Of course, they're never exactly right. So, they always have some inventory that they must hold over until the next summer season. I went to one of these companies and contracted for the purchase of twenty-two Deluxe furnaces and air conditioners in the four most popular sizes used in Kane County. And, because of the quantity and time of year, I was able to buy them at drastically reduced prices.

They are brand-new Deluxe Models.

They are NOT seconds or "bloms" or standard "builder" models. They are factory-fresh furnaces and air conditioners and have a full 10-year factory warranty.

How To Get A Furnace For Peanuts

If you are interested in a new heating/cooling system (but only if one of the four sizes I have will fit your house, of course), I am "giving" you the furnace and all I ask for is the \$941 in labor & material costs for installation.

Perfect Fit For Your Home

I will come out and measure your home (and determine the

availability of the proper size). I only have 22 matched Deluxe Systems in four sizes. When they are gone, this remarkable offer ends also. Just call 630-262-8484.

Absolutely No Obligation

After I completely explain the installation, there is absolutely no obligation. If you decide you don't want to take advantage of the spectacular savings... That's OK.

You Can Buy With NO Cash

You don't even have to pay me right away. I have set up a terrific 0%* payment plan.

Fuel Efficiency Guarantee**

I'm so confident that you will save at least 25% on your heating and cooling bills (I'm projecting more like 30%), that I will pay you the difference for a year if you don't! I'll show you exactly how this works. If these heating and air conditioning systems were not among the best on the market, I couldn't afford to make such a promise.

Why This Offer Can't Last

I only have a few of each of the four sizes. When all of the air conditioners are sold and all the furnaces are "given" away, that's it. There are not more at this price. Call now at (630)262-8484 to set up an appointment for your no-obligation survey.

Warmly,

Chris Carpenter

A Plan for Everyone™

We Don't Have Any

I was a manager at a toy store. A few years back during the height of the Furby craze I overheard one of my cashiers say to a customer, "We haven't had any for a while, and I doubt we'll be getting any soon."

I quickly assured the customer that we would have a shipment in next week. After she left, I read the cashier the riot act. "Never tell a customer that we're out of anything. Tell them we'll have it next week. Now, was she looking for a Furby?"

"No ..."

"Well, what was it she said she wanted?"

"Rain."

Weight Watching

Having lost weight over the past few years, a lady was discarding things from her wardrobe that no longer fit.

Her seven-year-old niece was watching as she held up a huge pair of slacks.

"Wow," the lady said, "I must have worn these when I was 183."

Her niece looked puzzled, then asked, "How old are you now?"

Why I Don't Play Golf

A golfer is playing a round of golf with his buddies. On the sixth hole, a hole over water, he proceeds to flub nine balls into the water. Frustrated over his poor golfing ability, he heaves his golf clubs into the water, and begins to walk off the course.

Then all of a sudden he turns around and jumps back in the lake, his buddies apparently thinking he is going to retrieve his clubs.

When he comes out of the water he doesn't have his clubs and begins to walk off the course.

Then one of his buddies asks, "Why did you jump into the lake?"

And he said, "I left my car keys in the bag."

Ultra-Modern

The junior executive had been complaining to his wife of aches and pains.

Neither one could account for his trouble. Arriving home from work one night, he informed her.

"I finally discovered why I've been feeling so miserable. We got some ultra-modern office furniture two weeks ago, and I just learned today that I've been sitting in the wastebasket."

Uncomfortable

During a test I was administering, I noticed that one of my married students, who was quite pregnant, kept rubbing her side. After class, before she left, I asked her, "Are you okay? I noticed you were holding onto your side."

"Oh, I'm fine," she answered. "It's just that my baby was pushing his foot up and down my ribs, and it hurt a little."

"Well, that's good," I said, feeling relieved.

"Yes," she continued. "It's strange. He normally sleeps during your class."

◇Someone stole all my credit cards, but I won't be reporting it. The thief spends less than my wife does.

Toy Advice

A woman, on meeting a psychologist at a party, made a pitch for some free professional advice. "What kind of toy would you suggest giving a little boy on his third birthday?" she asked.

"First I'd have to know more about the child," the psychologist hedged.

The woman took a deep breath. "He's very bright and quick-witted and exceptionally advanced for his age," she said. "He has good coordination, expresses himself very well..."

"Oh, I see," the psychologist said. "It's YOUR child!"

Tom Jones Syndrome

A man went to the doctor with a strange complaint. "Well it's like this Doc, when I drive to work in the morning through the country lanes I start to sing 'The green green grass of home'. If I see a cat then it's 'What's new, pussy cat?' It's so embaracing, even when I'm asleep and dreaming, I still keep singing. Last night, it was 'Delilah', and my wife was not amused!"

"Yes, it would appear that you have the early symptoms of Tom Jones syndrome".

"Well I've never heard of that, is it common?" asked the man.

"It's not unusual," replied the doctor.

Too Expensive

A very cheap man was looking for a gift for a friend. Everything was too expensive, except for a broken glass vase which he could purchase for almost nothing. He asked the store to send it, hoping his friend would think it had been broken in transit.

In due time, the man received an acknowledgement from his friend. "Thanks for the vase," it read. "It was so thoughtful of you to wrap each piece separately."

Tour of London

A Texan was taking a taxi tour of London and was in a hurry. As they went by the Tower of London the cabby explained what it was and that construction started in 1346 and it was completed in 1412.

The Texan replied, "Shoot, a little ol' tower like that? In Houston we'd have that thing up in two weeks!"

The cab passed the House of Parliament next, the cabby stating that it started construction in 1544 and was completed 1618.

"Boy, we put up a bigger one than that in Dallas and it only took a year!"

As they passed Westminster Abbey the cabby was silent.

"Whoa! What's that over there?" asked the Texan.

"Man, I don't know. It wasn't there yesterday..."

Those Voices

Old man Murray goes to the doctor with a very worried look on his face.

"Doctor," he says, "You've got to help me. Do you remember those voices in my head that I always complain about?"

"Yes," the doctor replies.

"Well they've suddenly gone away," Murray says.

"So what's the problem?"

"I think I'm going deaf."

The Threat

As a fellow policeman and I were eating lunch in a cafe, we heard a woman nearby say loudly, "Jimmy, if you don't eat all your peas, I'll have those policemen come over and talk to you." My friend promptly walked over to the five-year-old who was being scolded.

"Jimmy," he said, just as loudly, "I'm six-foot-two and weigh 200 pounds. And I never ate a pea in my life." As we left, the other patrons were laughing, Jimmy's mother was absolutely silent, and a smiling Jimmy was no longer afraid of policemen.

Three Important Words

At my granddaughter's wedding, the DJ polled the guests to see who had been married longest. It turned out to be my husband and I. The DJ asked us, "What advice would you give to the newly-married couple?"

I said, "The three most important words in a marriage are, 'You're probably right.'"

Everyone then looked at my husband. He said, "She's probably right."

Tofu Recipes

A well-dressed man approached a woman at a health food store and in a clipped British accent asked her exactly what she did with the tofu in her basket.

She said she normally puts it in the refrigerator, looks at it for several weeks and then throws it away.

The man replied, "That's exactly what my wife does with it. I was hoping you had a better recipe."

Tax Code

The U.S. Tax Code is pretty complex, but sometimes there are little nuggets of clarity that really make sense. Yesterday in my class we read from the Internal Revenue Code.

Section 708(a) of the Internal Revenue Code states: "...an existing partnership shall be considered as continuing if it is not terminated."

I guess it's just like an individual shall be considered as alive if he or she is not dead.

Where's the Cat?

My aunt's neighbor in New York had a beautiful black cat, Felix, who spent his days outside and came indoors at night. One cool October evening, he disappeared. The neighbor searched for him in vain. The following spring, however, Felix reappeared, looking healthy and clean. She figured he'd been sowing his wild oats. Everything was back to normal until that autumn, when Felix disappeared again.

The next spring, he returned. Perplexed, my aunt's friend began asking neighbors for clues. Finally, she rang the bell of an older couple. "A black cat?" the woman said. "Oh, yes. My husband and I hated to see him out in the cold, so we bought a cat carrier. We take him to Florida every winter."

*"I came home, the car was in the dining room.
"How did you get the car in here?" "Easy, I took
a left at the kitchen."*

Office Temperature

In the office where I work, there is a constant battle between our technical-support director and customer-service personnel over the room temperature, which is usually too low.

The frustrated director, trying to get us to understand his position, announced one afternoon, "We need to keep the temperature below seventy-two degrees or the computers will overheat."

Thinking that this was just another excuse, one of my shivering colleagues retorted, "Yeah right. So how did they keep the computers from overheating before there was air conditioning?"

Wine with Dinner

I was nervous the night my husband and I brought our three young sons to an upscale restaurant for the first time. My husband ordered a bottle of wine with the meal. When the waitress brought it, our children became quiet as she began the ritual uncorking.

She poured a small amount for me to taste, and then our six-year-old piped up, "Mom usually drinks a lot more than that!"

Teamwork

"If you'll make the toast and pour the juice, Sweet-heart," said the newlywed bride, "breakfast will be ready."

"Good, what are we having for breakfast?" asked the new husband.

"Toast and juice," she replied.

CONNECTING CUSTOMERS AND BUSINESSES. . . THAT'S WHAT WE DO BEST! • PAGE 11

The Student Athlete

A scout for one of the leading colleges went to the office of the athletic director and announced, "Have I got an athlete for you! This guy can play every sport and excels at every position. He is absolutely the finest athlete I have ever seen play."

The athletic director was very impressed but had to ask the question, "But how is he scholastically?"

The scout replied, "He makes straight A's in every subject. However, I must tell you his B's are a little crooked."

Tuscaloosa

A tourist on his way to Tuscaloosa came to a fork in the road and stopped. There was no sign indicating which route went where.

Spotting a boy by the road, he yelled out, "Hey, kid, does it matter which road I take to Tuscaloosa?"

"Not to me it don't," replied the boy.

Tying a Tie

Shortly after reporting to the 101st Airborne Division, we were ordered to fall out in our dress uniforms. Only problem was, I didn't know how to tie a necktie. So I asked the guy in the next bunk for help.

"Sure," he said. "Lie down."

Confused, I lay down on the bunk and he tied my tie. "Sorry, but this is the only way I know how," he said. "Comes from practicing on my father's clients."

"What does your father do?"

"He's a mortician."

Business Planning Seminar

You are invited to our Business Seminar on how to choose the right form of business! We will also go over shareholder agreements and buyouts, as well as, the hotly debated issue of conceal carry law and how it impacts employment!

Thursday, February 11, 2016

Seminar begins at 6:30pm

Seating is limited! Call to RSVP Today!

INTERESTED IN BECOMING A LION? ASK YOUR LOCAL CLUB HOW.

Will It Be Long?

When my husband and I showed up at a very popular restaurant, it was crowded. I went up to the hostess and asked, "Will it be long?" The hostess, ignoring me, kept writing in her book. I asked again, "How much of a wait?" The woman looked up from her book and said, "About ten minutes." A short time later, we heard an announcement over the loudspeaker: "Willette B. Long, your table is ready."

Would You Be Scared?

I was trying to get my seventh-grade history class to understand how the Indians must have felt when they first encountered the Spanish explorers. "How would you feel," I asked, "if someone showed up on your doorstep who looked very different, spoke a strange language and wore unusual clothes? Wouldn't you be a bit scared?"

"Nah," one boy answered, "I'd just figure it was my sister's date."

Yard Sale

I was at a yard sale one day and saw a box marked "Electronic cat and dog caller -- guaranteed to work." I looked inside and was amused to see an electric can opener.

Union Contract

The supervisor for the Union Of Road Construction Workers called the meeting to order.

"Men -- we've agreed on a new deal with the state. We'll no longer have to work FOUR days a week!"

"HOORAY!!!" the crowd cheered.

"We'll quit work at 4 PM and not 5 PM!"

"HOORAY!!!" the crowd roared.

"We don't have to be in until 11 AM instead of 10 AM!"

"HOORAY!!!" the crowd thundered.

"And now, even though 99% of the roads in the country are blocked by orange barrels, we'll only have to work on Wednesdays!!"

Silence.

A voice from the back of the room asks, "You mean, EVERY Wednesday?"

Curfew

This young man was elated when he turned eighteen in a state where curfew is 11:00 p.m. for anyone seventeen years of age and under.

He told his Dad how happy he was that now he could stay out until 3:00 a.m. if he wanted.

"Yes you can stay out as late as you want, but the car is under eighteen and it has to be in the garage by eleven," his father said.

Things I Have Learned in Life

- Age 7:** I've learned that our dog doesn't want to eat my broccoli either.
- Age 12:** I've learned that just when I get my room the way I like it, Mom makes me clean it up again.
- Age 15:** I've learned that although it's hard to admit it, I'm secretly glad my parents are strict with me.
- Age 24:** I've learned that silent company is often more healing than words of advice.
- Age 39:** I've learned that if someone says something unkind about me, I must live so that no one will believe it.
- Age 48:** I've learned that no matter what happens, or how bad it seems today, life does go on, and it will be better tomorrow.
- Age 53:** I've learned that regardless of your relationship with your parents, you miss them terribly after they die.
- Age 61:** I've learned that if you want to do something positive for your children, work to improve your marriage.
- Age 64:** I've learned that you shouldn't go through life with a catchers mitt on both hands. You need to be able to throw something back.
- Age 65:** I've learned that if you pursue happiness, it will elude you. But if you focus on your family, the needs of others, your work, meeting new people, and doing the very best you can, happiness will find you.
- Age 66:** I've learned that whenever I decide something with kindness, I usually make the right decision.
- Age 75:** I've learned that it pays to believe in miracles. And to tell the truth, I've seen several.
- Age 82:** I've learned that even when I have pains, I don't have to be one.
- Age 92:** I've learned that I still have a lot to learn.

Salt Lake vs Denver

I couldn't decide whether to go to Salt Lake City or Denver for vacation, so I called the airlines to get prices. "Airfare to Denver is \$300," said a cheery salesperson.

"And what about Salt Lake City?"

"We have a really great rate to Salt Lake. It's \$99.00, but there is a stopover."

"Where?"

"In Denver."

Wiggins

Short and baby-faced, my buddy Wiggins had trouble being taken seriously in the Army. A mustache, he assumed, would fix that. He was wrong. "Wiggins!" bellowed our drill instructor after spotting the growth during inspection. "What's so special about your nose that it's got to be underlined?"
